Oldham Council
East District

Saddleworth North
Saddleworth South
Saddleworth West & Lees
Waterhead
St. James'

District Summary

- East District has the largest **population** across Oldham and the highest number of wards of any district. The district experienced one of the smallest population growths between 2011 and 2021. The district has an older than average population.

- East has the second lowest proportion of residents from a non-White British **ethnic background**.

- **Deprivation** levels are mixed across the district. Saddleworth North, Saddleworth South and Saddleworth West & Lees have low levels of deprivation, whereas St. James' and Waterhead have higher levels than the Oldham average.

- The **median house price** is also a mixed picture, with houses in Saddleworth North and South costing well above the national average and the remaining three wards averaging below that amount.

- **Socially rented homes** represent a smaller percentage of homes compared with the Oldham average and the proportion of **owner-occupied homes** is above average.

- **Unemployment and Youth Unemployment rates** are second lowest across Oldham. The Saddleworth wards have the three highest **median household incomes** across Oldham, rates for St. James' and Waterhead just fall short of the Oldham average.

- Pupils in East have good **learning outcomes,** with the highest district rates across all Key Stages with the exception of Key Stage 4, where performance falls below Oldham, North West and England averages.

- **Life Expectancy** is higher than the Oldham average for both males and females.

- Rates of **childhood obesity** are lowest across Oldham.

- **Adult Mental Health Referrals and Contacts** are low compared to Oldham. The district has a relatively high level of **Children's Mental Health** service use. It's important to note this doesn't necessarily reflect the prevalence within the population.

- East has the lowest rate of **999 ambulance calls**. **Hospital activity** levels are lower than average.

- East District has an average rate of both **Children's Social Care** activity and referrals. The district sees the highest proportion of its referrals from LA Services. **Adult Social Care** activity and referrals (age-standardised) are lowest across Oldham.

- The **crime rate** in the district is lowest across Oldham. St. James' and Waterhead experience a much higher rate than other North District wards.

Royton South	£31K
Shaw	£30K

Median household incomes are substantially higher across the Saddleworth wards, with the 3 highest averages in Oldham.
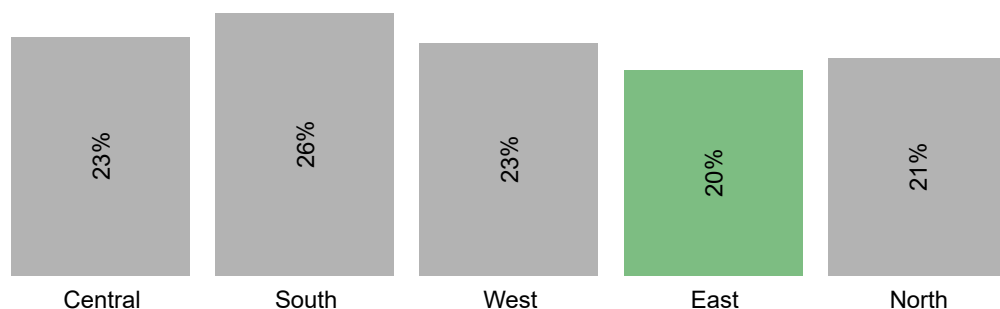

Early Years

Obesity in Reception

The **East District** has **20%** of reception aged children overweight or obese, this is the **lowest** across Oldham.

The rate across **England is 22%.**

Central	South	West	East	North
23%	26%	23%	20%	21%

Good Level of Development by the end of Reception (GLD)

District	Rate
Central	51%
South	59%
West	56%
East	67%
North	67%

In 2022, **67%** of children in **East District achieved the GLD**. Alongside North District, this is the highest rate across Oldham.
The rate across **England was 65.2%.**

Rates vary between wards within East:

| Ward	Rate
Saddleworth South	83%
Saddleworth W&L	77%
Saddleworth North	70%
Waterhead	63%
St James'	58%

Child Poverty (IDACI)

IDACI (Income Deprivation Affecting Children Index) measures the proportion of all children aged 0 – 15 living in income deprived families.

The graph below is split into deciles, with a higher score being a more deprived area. A score of 10 means that ward is one of the 10% least deprived wards in the country. A score of 100 would mean that ward is one of the 10% most deprived wards in the country. A score of 90 means that ward is one of the 10 - 20% most deprived wards in the country.
